

OLD WORLD CHINA CABINET

SKU: 143241-2606

With its imposing dimensions and spectacular European detailing the Old World China Cabinet Set offers both beauty and function. The curves of the serpentine front of the hutch and the arched and scrolled bonnet give the piece a sense of movement and showcase its high level of craftsmanship. The top features four carved etched glass doors faced with dramatic curved designs and 3/8" glass shelves behind, illuminated by three interior halogen lights. An added plus: the fully housed bonnet construction means that the piece is fully finished from every angle, making it especially appropriate for open spaces where it will be viewed from above.
